Bereket Alazar

Principal, BSc., RRO, LEED AP BD+C
Morrison Hershfield Ltd.

Bereket Alazar is a Principal and building envelope rehabilitation team lead with 11 over years of working experience at Morrison Hershfield, a recognized leader in building envelope design. Bereket has managed and worked on many condominium residential buildings in Edmonton by providing various building envelope services including condition assessments, envelope designs and technical specifications, contract negotiations and construction contractor administration. Bereket is an expert on plaza deck waterproofing systems with a focus on their application in colder climates. In addition to his expertise in rehabilitation projects, Bereket is experienced in the building envelope design and for new-builds. He has managed, provide building envelope design support, testing and field review services in new-builds.

Bereket holds a Bachelor of Science Degree from the University of British Columbia and a Diploma in Architectural and Building Engineering Technology (Building Science option) from the British Columbia Institute of Technology. Bereket is a member the CCI – Edmonton’s Education Committee.
